

# DOT-it® Backstage Blue™

## Blue LED light for behind-the-scenes illumination

Based on the successful design of the DOT-it Linear Swivel product, the DOT-it® Backstage Blue is the inexpensive solution to task lighting when you don't want to be seen while you work.

The DOT-it Backstage Blue allows stage and film professionals the independence of having light to work by - where they need it most - without the limitation of existing fixture types and available power outlets.

Just touch the sensor on the front to turn it on and off as needed.

### Key Features & Benefits

- Bright Blue LEDs
- 90° Swivel feature allows you to shine the light where you need it.
- Mounting Options:
  - Self adhesive
  - Hook and loop
  - Magnetic strip
- Small and light weight— allowing you to mount the light almost anywhere.
- Operates on 3x AAA batteries (included) which are easy to replace via the sliding back cover.
- Touch on/off sensor

### Application Information

#### Applications:

- Work lights for touring & road cases
- Crossover lighting and backstage illumination during performances
- Light for light & sound board operation
- Stage Manager's desk
- Quick-change booth lighting for performers
